

Curriculum and Price Quotation for Summer Workshop in Yantai University

I. Participants

Chinese language learners from Europe and America with no or little Chinese basis.

II. Length of the workshop

It can be 3-5 weeks according to the Chinese language level of the learners.

There are 22 classes of Chinese language and culture each week, supplemented by extracurricular language practice and the experience of Chinese culture.

III. Learning target

Through a short-term language training, learners can quickly improve their skills of listening and speaking, and can communicate with others with simple and practical Chinese. At the same time, learners can experience Chinese culture and enrich their exotic life in a relaxed atmosphere.

IV. Teaching characteristics

It is a combination of language learning and culture experiencing, group teaching and one-for-one instructing, classroom teaching and extracurricular practice.
